P R E F A C E

The PROGREESS's Annual Report for the year 2017-18 is offering in service of humanity. It gives up immense satisfaction to present our efforts in ameliorating the untold suffering at the hands of health, calamities, Right to Information, Capacity building, Neo-Humanistic Ecology, Monitoring & evaluation, Research and Development and other social welfare programs in this year. This is the time to offer our heartfelt thanks to all our patrons, sympathizers, donors and the volunteers. All of them deserve our appreciation for their timely and unconditional support. We owe it to them for our continued support service in the future as well.

Our personal reward is in the opportunity to be in service to the poor, the distressed and the victims of the man-made or natural disasters and other destitute. These unfortunate events keep occurring at an ever-increasing frequency on the face of the earth.

Odisha is yet to see a perceptible growth in the industrial sector, despite its huge natural resources in the form of minerals, forest, agriculture, marine / water resources, fertile land; while there are large industrial projects in the pipeline. The few and far between industrialization has left the people poorer. Several aspect such as corruption and lack of professionalism in approach has left unutilized the vast tracts of fertile land while on the other hand illegal and uncontrolled mining has led to serious land-degradation with pollution increasing manifold "High level of illiteracy and poor socio-economic indicator have left the poor section of the society in Odisha vulnerable to Maoist activities.

Odisha is abundantly rich with natural resources such as vast agriculture, mines, forest and resourceful marine where as on the other hand the poor people here use to sell their children just for mere hundreds of rupees due intense and extreme poverty / scarcity in the backward tribal areas. The reason of most of the atrocities and crimes in the world today is due to lack of proper balance and harmony in the physical, mental, economical and moral strata of life are responsible for all the socio-moral forms of degeneration and the global crisis.

In Odisha people who are starving or under nourished have no income and can't care for their families. They are left with feelings of hopelessness and despair. That desperation can lead to tension, conflict and even violence. They strive and slog so much in every way but they can't support their families and make their both ends meet. For this vital reason and drawback the whole state of Odisha is held back and as if it is in a black hole. To avert this situation we have spent our valuable time and too many years with a vast and enormous fund of capital with kind cooperation and coordination of other societies in developing the projects that have not yielded lasting results all that, but we have learned from these of our efforts. We realized that we lack appreciation, manpower and needed funds as well.

For Odisha 2017–2018 is an year of many tough challenges and uncertainties marked by geopolitical concerns, degradation of socio-economic, financial instability, social injustice, economic exploitation, cultural and moral degradation, religious dogmas, intense corruption and outbreaks of fatal diseases like Cancer, AIDS-TB and Epidemic diseases which has reached its apex without genuine eradication steps / guideline (on moralistic way) of life, men have lost its true path and now are hovering helplessly in the dark clouds of frustration and dejection to be or not to be.

In this critical juncture and our ongoing efforts are to be more effective and dynamic and constructive in our operations to meet these challenges and to better ourselves to respond to future challenges. All of these initiatives emphasize greater development effectiveness by focusing operations on the achievement of impacts and outcomes. We conducted a review of the reorganization and social welfare development processes and initial findings and recommendations of the review have already been implemented in 2017 – 2018.

We are pleased to present the dedicated service to the people of suffering classes and the performance of the PROGRESS, realized out of our sincere endeavors by socio-economical-cultural aspect in weaker section of the downtrodden and marginalized people of un-regarded area of Orissa.

The report brings a number of varied programmes comprising under heads of women's and child development to earn their livelihood and security of socio-economically backward communities and for the empowerment of rural women through SHG is the main weapon to fight against psychic-exploitation and fulfillment of socio-economical condition of women's and child section and implemented community based organization, SHG formation, reproductive child health awareness, Right to Information , implementation of organic-yogic-vadic agricultural method under *Krushik Vikas Yojana* to be applied into Agricultural sector in accordance with adjustment of Climate change condition in Odisha etc., which will be indispensable in sustaining benefit and creating, enabling environment for equity and gender thus are invariably the Nucleus of all developmental actions.

The organization has been involved Monitoring & Evaluation, Social Accountability, Good governance with Government and Private organization in all over Odisha.

The last decade about environmental destructions and sustainable, development under the heading Neo-humanism which is previous ideas on universalism, ethical, science, ethics to create new social outlook. It is fundamentally ecological in perspective. The present crisis facing our planet reflects the loss of balance in both the natural and human environments. To restore this balance, our response must give equal importance to internal transformation and external action. The Neo-humanist ecology are: [a] Maintaining a dynamic adjustment and subtle balance between the inner subjective world of human beings and the outer objective world of nature,[b] expanding one's sentiment to include the entire universe as one's own.

The Action programme of the prevention cruelty and atrocities against animals and plants and to save the environment it's allied- to set up herbal garden for free services of yoga, meditation, Naturopathy and its treatment also to setup eco-tourism and development of herbal and Aromatic (science) Research activity.

Our active involvement and participation with Ananda Marga Universal Relief Team **(AMURT)** and Rushikulya Vikash Manch, it's our sister concern always assisting us whenever and wherever any disaster occurs, the volunteers of PROGREESS reach there without a second thought and they never think of what they will have to face-they never get afraid of it nor draw back from it. The only thought in their mind is to rescue the persons facing the fury of the Natural and manmade calamities, provide immediate relief to them and then help them to start life again i.e. rehabilitation. This is what AMURT & PROGREESS both stands for Rescue-relief-Rehabilitation. Out of such sacrifice and selfless service one get more internal satisfaction for serving the humanity which can never be described in words. This is the real gist the volunteers receive in Lieu of their services. Most inhabitants tribal of Orissa – live in extreme poverty. Their poverty is not only a condition of Low Income and lack of assets. It's a condition of vulnerability, exclusion and powerlessness. Poverty reduction is about enabling poor women and men to become more aware of their rights and power and creating and maintaining the conditions that allow them to do so. Also our organization has participated in Right to Information (RTI) through awareness, training & counseling program capacity building for access to information supported by UNDP.

Also our involvement in socio-economic issues led us into community development. The realization that biodiversity conservation and livelihood security of tribal people can go together was a major lesson to learn in this phase of community development, thus emerged the phase of sustainable development.

The dedicated sacrifice service which gives internal happiness one gets by serving can only be experienced. So this spirit of service in PROGREESS continues to intensify as whole time rolls on. For the suffering of mankind can certainly be reduced remarkably and appreciably. But PROGREESS has to keep its volunteers ever ready all the time (whole timer). We appeal to all the philanthropic people-all the benevolent people of worlds over to help us, so that we can provide better services to the grief stricken people of backward classes and areas.

In this grim scenario, we need to move faster whenever necessary to work out the modalities of sustainable development and community welfare through all round service (ARS) in every nook and cranny of the Orissa.

Where all people can enjoy economic prosperity and lasting peace.

(Peace and happiness to one and all beings).

APPRECIATION LETTER by E-mail

Baba Nam Kevalam

Dear All

Namaskar!

Sectorial AMURT Secretary Ac. Satyashrayananda Avadhuta and Regional Coordinator of AMURT Sri Saroj Ranjan Patanayak from Beherampur (Odisha) have done commendable work today for the people badly hit by recent "Failine" affected people. This report of AMURT activities today is being forwarded to for information. Local people have written appreciation for AMURT services rendered to the suffering people.

With my best wishes and regards to all of you.

In Baba Only,

Prakash Chandra Dash,

LETTER OF APPRECIATION

I am glad to extend a mark of appreciation to Acharya Gunindrananda Avadhuta, Diocese Secretary (Southern Division of Odisha) Ganjam and a dedicated Whole Time Volunteer of AMURT (ANANDA MARGA UNIVERSAL RELIEF TEAM) for his tireless efforts to uplift the all round live standard of the people in Gajapati District.

AMURT has been working for past several years in R.Udayagiri Block (Ramagiri Revenue Circle), Rayagada, Mohana Blocks providing services like Mass Literacy, free Medical Services, generating Socio-Economic Awareness, promoting agriculture on co-operative basis for economic empowerment and spiritual elevation through meetings, seminars and spiritual congregations. By the constant efforts, the lives of people have been progressively improved in many respects.

Alongwith it, the Acharya has been popularizing the science of Yoga-meditation and its importance among the students through schools by imparting practical classes in the whole District.

I appreciate his relief activities and Yeoman services to the backward ~~mass~~ of the District. May AMURT's noble renderings help the mass blossom in them the nobility, civility and divinity!

Prakash Chandra Dash
(Prakash Chandra Dash)

ABOUT "PROGREESS" IN 2017-2018

The organization for Memorandum of the People's Radical Organization for General Reconstruction of Environment, Education and Social sanitation, in brief "**PROGREESS**" is a registered society (Registered under the societies Registration Act. 1860) in the year 1998 as a non-governmental, non-political and non-profit making state level voluntary organization, Registered under foreign contribution (Regulation) Act, 1976, under Govt. of India (Ministry of Home Affairs). PROGREESS are Tax-exempted in India under Registration U/s 12AA (1) (b)(1) of the Income Tax Act, 1961. And Grant of an Approval AL U/s 80G (5) (VI) of the Income Tax Act, 1961. Affiliation with Nehru Yuba Kendra (NYK), an Autonomous body under the Ministry of Youth Affairs & Sports (Govt. of India), & Planning commission of India and affiliation with other central / state government statutory body aiming in / for development cooperation means to provide all people with the basic necessities of life. It helps to create appropriate conditions and enable the inhabitants to lead a decent life. It is the people through their own efforts, who learn to meet their own fundamental needs of nourishment, clothings, medical assistance, accommodation and education (five fundamental basic necessities for all).

And to meet the specific needs of women and children in their struggle for development. As it is run by women, it serves as an organizational platform for women's and child development department, introduces programmes that aim at raising the level of health and educational status of women and their children. Educating women and girls improves the family health, raises the years of school enrolment of their own children. Providing medical care and knowledge to pregnant and nursing mothers directly translates into reduced maternal and neonatal mortality.

As well as enables us to respond to disasters almost anywhere in the Orissa, guided by common principles and conduct codes. Our grass-root level independent teams around the Orissa, allow us to be sensitive to local cultural needs and flexible in our disaster responsiveness. The organization has resolved to undertake, promote, sponsor, assist or aid directly or in any other manner, any activity for the promotion and growth of Rural Economy and rural/social welfare or any other programme for the promotion of socio-economic development and welfare or uplift of the people, in the rural and urban areas of Orissa.

PROGREESS is dedicated to help improve the quality of life of the poor and the under privileged people of the Odisha. It believes that the best assistance is to encourage and enable people to restore faith in and to help them develop their lives in a better way. .

VISION:

PROGREESS helps individuals harness their innate potentialities and utilize their own resources for securing the basic necessities of life and gaining greater economic, social and moral fulfillment and to liberate humanity from all forms of exploitation and create a congenial environment for peace and prosperity.

MISSION:

Our mission is to develop a dedicated sacrifice service minded moralist team that enables holistic / ethical development of quality of life for underserved and marginalized people and to serve in time of natural / manmade disaster through innovative replicable models, with a passion for excellence.

GUIDING PRINCIPLES OF “PROGREESS”

- Each human being has the right to meet his/her own fundamental needs, such as nourishment, accommodation, Medical assistance, clothing and education. The resources of the earth should be utilized in a just and appropriate manner to meet those needs.
- Our planet has limited, though sufficient resources to cover those basic requirements of life. Resources need to be used purposively and fairly in order to improve the quality of life of all living beings.
- Everyone should be ensured the possibility of further development to an equal device / degree. The freedom to use one's potential to fulfill physical, intellectual and ethical needs is a fundamental right of all human kind.
- Everyone is a worthy member of human society, regardless of race, religion, color, gender or social status, and deserves to be treated with understanding and respect.
- By respecting women and ensuring their integration and active participation in development project that a harmonious growth of the family, community and society can be actualized.
- Development is a balanced process that maintains equilibrium between industry and the environment, urban and rural growth, human needs and available resources. Development should reduce the gap between rich and poor and provide opportunities for all.
- Appropriate development begins within the social and cultural frame work of each community. It enables under privileged communities to gain greater degree of independence to determine their own future.
- Development should respect the natural ecosystems of the earth, so that all living beings may live in health and harmony.

CODE OF CONDUCT:

- ❖ The humanitarian imperative comes first.
- ❖ Aid is given regardless of race, creed or nationality of the recipients without any distinction of any kind. Aid priorities are calculated on the basis of need alone.
- ❖ Aid will not be used to further a particular political or religious standpoint.
- ❖ We shall endeavor not to act as instruments for government foreign policy.
- ❖ We shall respect culture and custom.
- ❖ We shall attempt to build disaster response on local capacities.
- ❖ Ways shall be found to involve programme beneficiaries in the management of relief aid.
- ❖ Relief must strive to reduce future vulnerabilities to disaster as well as meeting basic needs.
- ❖ We hold ourselves accountable to both those we seek to assist and those from whom we accept resources.
- ❖ In our information, publicity and advertising activities; we shall recognize disaster victims as dignified human's not hopeless objects.
- ❖ Universal sentiment: All beings are an integral part of life on our planet earth and should be treated with compassion and respect.
- ❖ Universally approach and Regionally development
- ❖ Subjective approach through objective adjustment
- ❖ Action inspired by love.
- ❖ Ability to be all-inclusive so that everyone feels that he or she has a role to play in development. In short all should move in union in the sprit of moving together.
- ❖ Ability to overcome selfish tendencies and to identify with the other.
- ❖ Willingness to fight for justice, to be an active part of the movement to create a just society free from exploitation.
- ❖ Becoming an example by practice.

2017 - 2018 IN REVIEW

(Executive Body's Report)

With the strong support of PROGREESS, the Orissa is facing starvation of death, social injustice, and has little progress toward achieving the socio-economical development goal. Overall poverty rate in this state have normal, and little growth continue. Many Executive Members have taken the responsible and investment in health, Family Planning and Women's welfare, Tuberculosis, RTI, Rescue-relief and rehabilitation and women's child development, also have not reduced maternal and child mortality rates and lowered the incidence of communicable diseases.

Yet challenges remain and enormous efforts are still required. Women's and girls do not always benefit equally with males from society. Public health problems continue to take toll rise on families and state. Disease such as HIV/AIDS-TB, Cancer, tuberculosis, Filariasis and Malaria are major causes and effect of poverty in the region as it is the lack of access to safe and scarcity drinking water as well as to sanitation. Although employment is a principal means to escape from poverty, many of the poorest and most vulnerable people, including the elderly, female heads of household and people with special challenges are unable to work.

Our many members furthermore, growth prospect of socio-economics during the first half of the year were subdued.

While the goal of reducing poverty continued to guide its little operation capacity building from Government and other organizations. Whether Govt. has done food for work programme but the intermediate business persons are exploiting to end users. The illegal network transmitted through various Govt. / Pvt. Department such as Block Authorities and suppliers. The PROGREESS also faced internal and external challenges and opportunities. PROGREESS personnel continued to adopt to new service process as well as RTI extensive reviews were completed with recommendations to further improve the efficiency of operations. A staff engagement survey pointed out specific issues and concerns that organization began addressing in 2017 – 2018 with the preparation of the new human resources and neo-humanism strategy.

Recognizing these complex issues, the Governing body of Executives supported PROGREESS management and staff in their efforts to improve institutional effectiveness and internal Governance and to demonstrative development impact.

FUNDING:

The organization has solicited for receivable and helpful for sacrifice benevolent services of the society, ability to deliver its programme, organizational development impact, grant used for preparing projects and supporting advisory activities in areas such as law and policy reform, strengthening fiscal policies and procedures, good governance, capacity building, livelihood empowerment and natural resources management.

The main instruments for cooperate and coordinate and helping the PROGREESS are policy dialogue, loans, technical and developmental assistance, grants, voluntary contribution from donor, trust fund and other special funds from National and International organization and Government Departments.

POLICIES AND PROCEDURES:

The body of executive approved several policies, financial and administrative papers in 2017 – 2018. One was: Enhancing PROGREESS Role in financial stability and its service”. Another was the Review of the inspection Function that resulted in the establishment of a new accountability mechanism that is now in place. It consist two complementary functions – the consultation phase and the compliance review phase for consultation, a special project facilitator was appointed for compliance, the Executive Body appointment a full-time (whole timer) chair and part time members of a review panel and the body should taken compliance review committee to replace the members Executive Body inspection Committee. The new mechanism provides important structural and procedural means to address the concerns of project affected people, to improve project quality and to enhance development effectiveness.

CHANGING FOCUS:

Many of PROGREESS's internal initiative explicitly and implicitly focused on result with greater emphasis on impact and outcome. Secretary and other members had been created to coordinate the work upward / downward of the changing focus and change arising from a new human resource strategy and implementation of managing of results would improve staff moral. A change in the reporting structure for the operations and evaluation unit. The organization examined the reporting quality, integrity of analysis and structure and accountability of its evaluation work in 2017 – 2018.

The change in reporting will allow offices to better operate under the general direction of the President, Secretary and Advisor for matters such as high-level, board range dialogues with external counterparts.

BUDGET REVIEW COMMITTEE:

The committee recommended approval of the organization's proposed 2017 – 2018. Budget for internal administrative expenses and annual capital expenditures. The proposed internal administrative budget is higher than in past year. The Budget may increase significantly in future years should it include the cost of the independent.

The committee raised several questions regarding the adequacy of staff resources allocation and was informed that staff and budget resources were extremely tight impart because work has become increasingly complex in recent year as a result multiple policy mandates and compliance requirements, it recommended developing in-house capability and organizational memory and that consultant be used prudently and judiciously. A meeting was held in March 2018 to discuss the work programmes of the organization and to review budget. The Executive Committee also reviewed the process on implementing the recommendations it made during the year 2017 – 2018 budget deliberations.

The Committee recommended approval of the proposed 2017 – 2018 budget on the presence of General Body Members. It noted the contributions and achievement of the PROGREESS and welcomed the increase in resources allocated to capacity building and training and the enhanced inter coordination other connecting organizations.

The Committee noted the progress made to date on the recognition and express concern on the operational support, quality assurance, and compliance role of the local and regional territorial suggested that necessary changes be implemented as early as possible.

To make its more meaningful service and effective, the Executive Committee proposed quarterly meeting and also the Secretary schedule the Executive Committee meeting – Annual budget meeting before the budget document preparation is aware. Several changes to improve the format and presentation of the budget were suggested and the need for more communication with the Executive on budget matters was stressed.

DEVELOPMENT EFFECTIVENESS COMMITTEE:

The Committee reviews a balanced selection and evaluation studies and presented its assessment to the Executive Body. The report also presented over all conclusion and recommendation from discussion with other members. The committee expresses its satisfaction

that evaluation activities had generally been adequate and efficient to improve organizational management and effectiveness.

The Committee also recommended that future report go beyond statistical reporting to identify lessons for development effectiveness.

INSPECTION COMMITTEE:

In 2017 October the inspection committee was held. The committee submitted its report to the Governing body, it recommended that the governing body authorize an inspection of the project with allow the process for grievance redress put in place to the Government in consultation with the organization take place. However, the committee reserved to right to bring forward the proposed time table for commencement of the field inspection should it becomes evident to the committee that the grievance redress process was likely to be successful. The Governing body approved the committee recommendation the Executive Committee receive the report on the grievance redress process, additional information (The committee formed 4 expert members).

WORKING GROUP FOR THE ANNUAL REPORT 2017 – 2018:

The Executive Body and working group set for the general direction of 2017 – 2018. Last working closely with management and staffs are taking into account for the responses of Annual Report. This year's report clearly demonstrates, that how PROGREESS is optimizing its organizational effectiveness and resources? How it is progressing towards achieving the different plan and programmes? And how it is successful implementation different programmes etc.?

Main Programme

Conducted Press Meet on Media Advocacy By Odisha State Focal Point (Partnership of TB Care& Control in India (PTCC)):

Conducted Press Meet on Media Advocacy By Odisha State Focal Point (Partnership of TB Care& Control in India (PTCC) at Special Circuit House, Berhampur on 28th June' 2017 at 11 AM on wards.

The objective of the workshop were based upon the emerging situation of Tuberculosis in Odisha, Where there are an estimated approximately total of 123 cases per the lakhs poulation and in the District of Ganjam 200 people are dying every year in TB.

In view of the above facts, there was a long discussion on this issue and it was unanimously resolved to take the following acions for the elimination of Tuberculosis

- Nutritional food support to the TB patients
- Special care for Women & Child in TB.
- Special activity for TBpatients in remote area.

- Providing Food security to the families of TB patients.
- To fill-up the staff position at Grassroot level according to Government norms.

PTCC Odisha State Focal point Head-Sri Alekha Chandra Routray

PTCC Coordinator- Ms. Sanchita Rout (New Delhi)

Sushanta Balabantray, Saroj Ranjan Patnaik, Bijayalaxmi Rout and other partners were participated on the said Media Advocacy workshop and Press Meet ,More than 120 delegates and all Print & Electronic Media Professional had been attended.

All print & Electronic Media News coverage & wide propagate on this matter in all over Odisha

Conduct Plantation Programme (*Banamahoschhav*):-

We have covered road side plantation at GosaniNuagam K C High’s School Ground, & Bijipur ain Road and many other places in the City.

Formation of Global Ideal Village:

(For the Economic and Social Regeneration of Odisha Village)

Introduction:

The phrase Progressive Utilization Theory summarizes a great deal of its plans. “Progressive” implies that *Proutist* plans must flexibly change to the specific time, location, and situation so as to best meet the needs of all sides of society and environment. “Utilization” implies maximum utilization of available resources, and 100% employment of people able to work. This does not mean extracting the maximum amount of natural resources, but rather using and re-using materials which are already being cycled through the system of consumption. Similarly, full employment would utilize those from within a given area rather than outsourcing work to other regions.

Pragatishiila Utkal Samaj is going to adopt the PROUT model Global ideal village a system that places the value of life before the value of objects or money. It designed to stimulate the poor to take responsibility for their own advancement, while ensuring everyone’s ongoing success via democratic representation and by placing limits on how much wealth could be accumulated. Included sustainability and maximum usage with minimum quantity in the *proutist* view.

India will provide good governance i.e, corruption free administration through moralist and socially committed strong leadership. Assurance of sustained economic growth through economic democracy minimum requirements of life to all such as food, clothing, health care, education and shelter. Increasing purchasing power to each and every individual through job/employment. Power to make all economic decisions by the local people. As economic liberation is the birth right of every individual. Harmony between Rural and Urban economics...A balance between agriculture and industrials developments and it should eco-Rational distribution is another core aspect to *Prout*, referring to distributing the materials and products of the land and market in a manner that helps the

largest number of people develop to their personal and community potential. This also represents the flexible thinking of *Prout* in the ways that it recommends necessary materials to be distributed in ways that would facilitate accomplishing the goals of a day's work.

Principle:

- All the resources in a socio-economic zone should be controlled by the local people.
- Production should be based on consumption, not profit.
- Production and distribution should be organized through co-operatives.
- The local people must be employed in local economic enterprises.
- Commodities which are not locally produced should be removed from the local markets.

Others: Middlemen not allowed. Modernization of agriculture, Machine tools station, Farmers brigade, Consumer and producer co-operative, to improve purchasing capacity, Economic decentralization, guaranteed minimum requirement. Set up economic democracy (Economic Liberalization).

Conducted GIS- portal that works as a Geo-Spatial digital database mapping survey:

Odisha Space Application Centre (ORSAC), Indian Resources Information Management Technology Ltd (IN-RIMT) with Ananth Technologies Ltd. Hyderabad and PROGREESS jointly conducted GIS- portal that works as a Geo-Spatial digital database mapping survey / field work was successfully performed in Ganjam, Gajapati, Sundargarh and Balasore. The programme was initiated from on 20th November, 2017.

Survey of World Human Rights:

On the eve of World Human Rights Day the organization has decided to introduce Human Rights Awareness and involve maximum number professional into this forum like as Indian Human Rights Awareness Association, Mumbai. Publicity may kindly be given on the United Nations General Assembly declaration on the *"Right & Responsibility of Individuals, Groups , Organs of the society individual to promote and protect Universally Recognized Human Rights and Fundamental Freedoms"* to create awareness among all stallholders., The organization will create more & more involved into this forum

Such professionals/ Activist will be inspect, problems and suffering person where violation of Human Rights at each level

Conservation of Bio- diversity, Maize Marketing (Promotion) & Strengthening of Livelihood Programme:

The Tribal women inhabitants of Subalada, Foka, Mangarajpur (Ramagiri) of R.Udayagiri block in Gajapati District were unwilling to come back out of fear of heavy struggle for living condition,

They are creating many women community dwelling. However these villages are right next to reserved forest and many wild animals had been suffering by involved smuggling animal product, valuable tree (used for housing & making bricks), Herbal & tribal products along with maize. The

propagation of Prevention of cruelty against animal & plant (PCAP) and the demand that the local people should have control over the sale of Forest- Agricultural- Herbal produce as mandated by the Forest Rights Act (FRA). Despite facing many problems, they are now moving forward with new plans for expanding the farming, developing sericulture, Maize cultivation, Rubber Plantation, Vegetable corps & Medicinal herb and unit for Holistic health. Now they are determined to Struggle against all odds.

In this context, the organization had been taking many programs like capacity building training, organized & involved scientific organic cultivation by Yogic process. And formation of Women groups & their marketing for liaison with upward.

Organised Yoga Sikhya Sivr on the eve of International Yoga Day:

The organization has observed an ‘International Yoga Day’ on 21th June, 2017. On the eve of day was conducted Yoga /*Pranayam* programme at Baikuntha Nagar, Jagruti, Berhampur. More than 60 participants were joined & display their arobic / phycal yoga Asana exercise for the development of Physical-Psychic –Spiritual .Ac’ Jaishivananda , Mr. S.R.Patnaik was given impart of theory and practicle classes of Yoga/ Pranayam/Asana, The meeting was successfully performed on ‘Yoga Psychology’. Numbers of Youth /women/Senior citizen were present on the said programme.

Along with other classes likely Physical, Psychic & Moral upliftment topics was given imparted, numbers of Youth, Teachers had also been involved on the said programme

Observed World Tuberculosis day “Unite to End TB”

PROGREESS had organized a special programme of World TB Day on 24th March, 2018. That HIV-TB co-infection – improve advocacy, communication and community mobilization programme is going to be held with active cooperation of Health Department and PTCC. In this context, we take to set-up preparation of case study on HIV-TB, which is required for international TB Care & Control Society and to be initiates more affective programe in Odisha also being involved IEC activities. Identification of TB Case, Referral service, **Peer education and Capacity building training**, Advocacy **meeting with media partner (Media Advocacy)**, Training to journalist & volunteers, all prior disbursement will be incurred by the organization.

The programme has been started with expert volunteers and other professional staff in Ganjam District since last

R & D Programme of Rushikulya River

River – Rushikulya – Saraswati Preface and Geographical aspect of the river

According to the ‘Vedas’ The name of the river ‘Saraswati’ was from ‘Kulya’ and subsequently became “Rushikulya”. During the mid-period, at different times, the name of the river was transformed as ‘Brahmanadya’, ‘Prachi’, ‘Sukumari’ etc. in place of ‘kulya’. But ‘Vyasadeb’ while writing the ‘Sreemad Bhagabat Geeta’ had added the word ‘Rushi’ before ‘kulya’ and named the river ‘Rushikulya’. Thus the river

‘Rushikulya’ is no other than the river ‘*Saraswati*’, situation. The river of ‘Rushikulya’ with a length of 160 kms. Flowing from west to east in the Ganjam district of Orissa, spreading within the attitude of 18/15/45 to 20/25/40 and longitude of 83/33/20 to 85/15/00 and has fallen in the Bay of Bengal.

There was existence of the river *Saraswati* much before the Holy ‘*Rishies*’ ascended on earth near this river valley. Many *Rishies* practiced their meditation for attainment of knowledge and they could spread their achieved knowledge all over the world. A number of godly personalities like ‘*Maharshi Kapila*’ took birth beside this river. Due to performance of a number of ‘*Yangyas*’, a special type of black deer were found in the nearby forest at that time but at present such type of deer are seen around this river valley,

A number of ancient mythological memories are un-noticed in this river valley and need to be enlightened for public information. Some of those are: - ‘*Sankhya Darsan*’ by the holy sage ‘*Kapil*’, the war-field of ‘*Basista and Biswamitra*, the hermitage of sages, the shelter places of ‘*Sri Ram, Sri Krishna the Pandabas* etc. If these places are declared as places of tourism, the research scholars and scientists will have easy access to the subject.

The forest region is rich in herbal trees and abundant rare-earth is also available in the valley in addition to varieties of birds & animals as described in the mythological epics. For want of proper security, the dense forest is being ruined day by day.

The inhabitants of this area are very simple, pure and basing on ancient culture and they hardly get any scope to improve their social and financial status.

TO ESTABLISH RIVER RUSHIKULYA (NADIBANDHA YOJANA) NEAR SORADA- A FOCUS ON ITS CONTENTS:

To facilitate steady water supply to the Iron factory which was to be planted at Gopalpur was proposed to be supplied from the river Rushikulya of Sorada by Government of Orissa and for this a huge reservoir was to be built over the *Angadi naal*. This reservoir is to be built on 3 Kilometers from left side of the main road which goes to Gajalbadi from Sorada. Here are some focusing points of this project.

1. After usage of water of the reservoir at its lower head by people, the rest of the water will be supplied to the Iron factory.
2. No other people of the village will use the water of this reservoir.
3. As per the amount of the water flowing from the river Rushikulya, its 40 percent is only being used for cultivation and drinking purpose and the rest 60percent of water is diverted into sea. And this reservoir will store only 6 percent of the water which is being diverted into the sea.
4. This scheme will not affect any water regulations of the district but will help in avoiding the situations of draught in the district.
5. In Ganjam district 8, 93,100 Hectares and in and around Sorada about 19,878 Hectares of land is equipped in form of jungle. The very least portion of this jungle will be affected by the reservoir.

Only 675 hectares of jungle land which is only 0.16 percent of the district and 3.36 percent jungle land of Sorada.

6. To fulfill the affected jungle of Sorada due to this reservoir 8,000 Hectares of jungle will be created as remuneration. Apart from this the other benefits of this reservoir is as follows:
 - a) To build the reservoir and for its operation and maintenance and safe guarding so many people of the locality will be employed. And also for planting trees there is a vast need of employing people and hence it enables to solve the employment problem of the locality to some extent.
 - b) Consequently the underground water of the locality will be increased steadily and also in the lower head the underground water will be available in plenty.
 - c) It gives rise to a great amount of water storage because of this scheme and people of this locality can do prawn culture easily and conveniently.
 - d) When the reservoir will be built there will be health camps and health related facilities will be generated.
 - e) As the reservoir will be built a new forest will also be created and it results in more wild animals who will reside there will takes place.
 - f) After building of this reservoir consequently it also stands as a tourism place and spot and will attract tourists as well.

Rushikulya Survey have been conducted of “*Rushikulya Bindu Sara Saraswati*” be established *Kedarnath* was build up by *Maharsi Kardama* at Hatimunda near Bramhanigam of Daringibadi Block (Kandhamal District). We observed Mahabaruni bath occasion in ‘*Rushimala – Bindusara*’. In this context, we have to be prepared toposit document to set up water supply proposal and linkage plan with Soroda -Bhanjanagar water reservoir.

COLLABORATION WITH GOVERNMENT, PRIVATE AND INTERNATIONAL AGENCIES

Co-operation, Co-ordination and collaboration from different private and Government agencies are to helped up-coming successful operation. PROGREESS's varied activities, which represents in Private, Government & International forum have further / continue assured to help our organization.
